### *Specializing in your special day*

Height Requirement 80's Party Dance Band is the complete musical package for this special milestone in your lives. We can provide music from before the bride walks down the aisle to after the bride has left the party. (We actually hope everybody stays for the last note of the dance!) Maybe you'd like solo guitar or organ as your family and friends anticipate the big event, a lovely duet during the signing of the register and some ambient music during dinner. Choose meaningful songs to you, it's your ceremony.

Then of course the memorable first dance as bride and groom. Let us play your song before we start our 80's dance party! We can sneak some more of your favourites outside of the 80's into our set list and of course, we have some slow numbers for couples to get close.

Height Requirement comes with appropriate speakers and lights for every situation. Check our website for current set list, images, videos and where we're playing next so you can see for yourself.

Jade Bennett • Vocals

Robert Luer • Keys, Sax, Vocals

Jim Davison • Drums

Dale Roode • Bass

Peter Davison • Guitar, Vocals
